FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Economic-Division of Professional Registration (DPR)** assume the proposed legislation would have no fiscal impact on their agency.

Officials from the **Office of the Secretary of State (SOS)** assume the proposed legislation would require the printing of additional pages in the *Missouri Register* and the *Code of State Regulations* and have estimated a publishing cost of \$2,892 for FY 01. Additionally, future costs are unknown and depends upon the frequency and length of rules filed, amended, rescinded or withdrawn.

While this bill alone would not require SOS to acquire additional staff, SOS assumes the cumulative effect of other bills that require rulemaking may, in the aggregate, necessitate additional staff.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriations process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.
